Please provide me with the status of the Revocations and Powers of Attorney filed for the below listed applications. We are in the final stages of setting up our PAIR access but cannot proceed until these 4 applications/patents are associated with our Customer Number 31904 (as noted in our December 28<sup>th</sup> filing) and the powers originally given to practitioners at Fish & Richardson are officially revoked. As such, it is imperative that Customer Number 31904 be associated with these applications/patents as soon as possible.
